We3

Inspired by clean lines and clean living We3 is a collaborative design process by Glencora, Christine and Jessica of twigg&hottie boutique. Produced to meet the demands of our customer - This collection of updated bestsellers and new fashion forward pieces all stand on their own, but also layer together for many different looks.

Made from sustainable fabrics and manufactured locally We3 is top quality. The pieces all wash and wear well.

We have tested the looks in twigg&hottie so we know that they are what women are looking for right now: comfortable and effortlessly stylish. Our basics are all finished with two strips of fabric for an eye catching detail where it matters, near the face. Our fashion forward pieces all keep the female form at the front without being overtly sexy.
